Dear Mr. Cooper,

On September 10, 2012 we received a fax from Solix notifying us that PIA did not have a record of having received our Item 21 Attachments associated with Application Number 868187. Per the letter, PIA contends that we "were previously informed that [our] Item 21 Attachment(s) for FY2012 FCC Form 471 application # 868187 were not received." Unfortunately, to the best of our knowledge, the September 10 fax was the first such notification we have received on this matter.

For the FY2012 applications, Ms. Katie Duggan was listed as the primary contact for all correspondence. During the time period of March 2012 to June 2012 Ms. Duggan was in and out of the District due to personal related issues, including time off that was taken under the Family and Medical Leave Act (FMLA). We would also like to note that Ms. Duggan is no longer employed by the District.

Our records do not show that any notifications pertaining to missing Item 21 Attachments were received from PIA during this timeframe. To the best of the District's knowledge our Item 21 Attachments were submitted within the filing window, contrary to the September 10 fax received from PIA. Therefore, we request that PIA accept our attached Item 21 Attachments and consider our application as filed within the FY2012 filing window. Furthermore, we request that you take this information into consideration in light of a recent FCC decision (see attached FCC Order on Reconsideration DA 12-1482) granting waivers to 12 applicant's whose applications were submitted on time, but where Item 21 Attachments were submitted after the close of the filing window.

Thank you for your consideration.

Sincerely,

Ronald C. Ryan
